

Crede Associates LLC

Grant Kern Environmental Engineer I

HIGHLIGHTS OF EXPERIENCE

Mr. Kern is an Environmental Engineer I with Crede Associates, LLC. He graduated from the University of Maine at Orono (2016) with a Bachelor of Science in Civil and Environmental Engineering. Prior to joining Crede, he worked for 3 years as a design engineer in Southern Maine. His previous experience includes utility and roadway design, stormwater modeling, and construction oversight. Since joining Crede he has gained experience in environmental field sampling, soil disposal oversight, and data quality control.

Environmental Site Assessments and Brownfields programs

Mr. Kern's work includes aspects of Brownfields Cleanup Program remediation oversight across Maine and New Hampshire. In addition, he has experience working on various aspects of ASTM Phase 1 assessments, including historical research, site investigations, report preparation, and CAD drafting. Work associated with Phase 1 assessments and Brownfields programs includes the following sites:

- Breton Cleaners Soil Remediation, Somersworth, NH
- Isaacson Structural Steel Inc, Berlin, NH
- Roxbury Wind, Roxbury, ME

NAVFAC Cutler Site

Mr. Kern served under the position of Contractor Quality Control Manager and onsite Health and Safety Officer at the NAVFAC (Naval Facilities Engineering Command) Naval Computer and Telecommunications Area in Cutler, Maine. His responsibilities included field sampling, soil disposal oversight, and data quality control.
