### **HIGHLIGHTS OF EXPERIENCE**

Mr. Towne is an Environmental Specialist with Creder Associates, LLC. He graduated from Salem State University in 2011 with a Master of Science degree in Geographic Information Science and from the University of Southern Maine in 1998 with a Bachelor of Arts in Environmental Science and Policy. He has over three years of experience providing Industrial Hygiene services in a wide variety of settings from residential to industrial. Mr. Towne specializes in identifying hazardous building materials and conditions including lead, asbestos, PCBs, and universal and other regulated wastes. Mr. Towne has a very diverse background, from eight years in the marine industry on board a chemical product tanker to GIS research assistant investigating risk assessment for energy emissions. Stacy started with Creder in January 2017.

#### **Hazardous Building Materials Surveys**
