

**Samantha Foote, PE**  
**Environmental Engineer**  
**GIS/CAD Technician**  
**Hazardous Building Materials Specialist**

**HIGHLIGHTS OF EXPERIENCE**

Ms. Samantha Foote is an Environmental Engineer, GIS/CAD Technician, and Hazardous Building Materials Specialist with Credere Associates, LLC. She graduated from Worcester Polytechnic Institute with Distinction in 2016 with a Bachelor of Science in Environmental Engineering.

**ENVIRONMENTAL SITE ASSESSMENTS & BROWNFIELDS PROGRAMS**

Ms. Foote's work includes all aspects of ASTM compliant Phase I and Phase II ESAs including historical research, site investigations, report preparation, GIS/CAD mapping, environmental media sampling, and hazardous building material assessment and abatement planning. A sampling of recent projects is listed below:

- Galt Block, Bangor, ME
- Dowd Building, Bangor, ME
- Ballenger Auto, Sanford, ME
- Thompson's Point, Portland, ME
- Children's Museum, Portland, ME
- 100 Spring Street, Portland, ME
- Gagne Property, Biddeford, ME
- New Gloucester Town Garage, ME
- Isaacson Steel, Berlin, NH
- Sullivan Machine, Claremont, NH
- Kleen Laundry, Lebanon, NH
- Ambargis Mill, Newport, NH
- Former Trader Allen, Amesbury, MA
- 119 May Street, Lawrence, MA

Ms. Foote's work also includes aspects of Brownfields Cleanup Program remediation project oversight across Maine, New Hampshire, Massachusetts, and Vermont. A sampling of recent projects is listed below:

- Former Prime Tanning Asbestos Abatement and Soil Remediation, Berwick, ME
- Former Sanford Millyard Remediation, Sanford, ME
- Former Seton Hospital Asbestos Abatement, Waterville, ME
- Allied Leather Penacook Soil Remediation and New Construction, Concord, NH
- Former Beebe Rubber Facility Soil Remediation, Nashua, NH
- Breton Cleaners Asbestos Abatement and Soil Remediation, Somersworth, NH
- Clipper City Rail Trail PCB Soil Remediation, Newburyport, MA
- Saxtons River Road Sub-Slab Depressurization System, Grafton, VT

**USACE LTM, FUDS, AND EPA SUPERFUND SITES**

Ms. Foote has performed periodic inspections, operations and maintenance, groundwater sampling, drilling oversight, monitoring well installation and development, and soil sampling and characterization, including the position of Contractor Quality Control Manager (CQCM) and onsite Health and Safety Officer, at Sites under US Army Corps of Engineers (USACE) Long Term Monitoring (LTM) and Formerly Used Defense Sites (FUDS) programs, as well as EPA Superfund Sites in Maine, Vermont, and Rhode Island including:

- Bucks Harbor Former US Air Force Radar and Transmitter site, Machiasport, ME
- Dow Air Force Base, Bangor, Maine
- St. Albans Former Air Force Station, St. Albans, Vermont
- Gould Island Former US Navy Base, Jamestown, RI

**PROFESSIONAL LICENSES**

- ▲ ME Professional Engineer, License no. PE16390
- ▲ ME Engineer-Intern, April 2017  
Certification #: 7520
- ▲ ME Asbestos Inspector #AI-0781
- ▲ RI Asbestos Inspector #AI01059
- ▲ ME Asbestos Air Monitor #AM-0599
- ▲ ME Lead Inspector #LI-0452
- ▲ ME Radon Service Provider, Air Testing #RSM50184

**TRAINING**

- ▲ 40-Hour OSHA 29 CFR 1910.120 HAZWOPER Course
- ▲ 8-Hour OSHA HAZWOPER Supervisor Course
- ▲ 30-Hour OSHA Construction Safety Course
- ▲ Innov-X Systems Radiation Safety & Operator Training for portable XRF Spectrum Analyzers
- ▲ USACE Contractor Quality Control training

**EDUCATION**

- ▲ B.S., Environmental Engineering, with Distinction, Worcester Polytechnic Institute, Worcester, MA (2016)

**Samantha Foote, PE**  
Environmental Engineer  
GIS/CAD Technician  
Hazardous Building Materials Specialist

#### **ENVIRONMENTAL INVESTIGATION AND GROUNDWATER MONITORING PROGRAMS**

Ms. Foote has experience in environmental investigation and groundwater monitoring programs. She has experience in engineering reuse evaluations, data gap analyses, hazardous building materials surveys, groundwater monitoring, field screening, and sampling using peristaltic pumps, bladder pumps, Grundfos pumps and FLUTE well systems. She also has experience with soil boring advancement, test pitting oversight, soil sampling and characterization, and well installation. This includes work at the following sites:

- Fort Halifax Commons, Winslow, ME
- Dowd Building, Bangor, ME
- Colonial Theatre Lead Inspection, Laconia, NH
- Lakes Region Facility Engineering Reuse Evaluation, Laconia, NH
- Former Al's Automotive and Truck Service Center, Exeter, NH
- Ernie's Auto Sales Property, Tilton, NH
- Gonic Dams Data Gap Analysis, Rochester, NH
- Naughton Landfill Engineering Reuse Evaluation, Bradford, NH
- Allied Leather Engineering Reuse Evaluation, Boscawen, NH

#### **NAVFAC REMEDIATION PROJECTS**

Ms. Foote has experience in hazardous building materials management, abatement oversight, and demolition oversight through her role as CQCM at Sites under the Department of the Navy, Naval Facilities and Engineering Command (NAVFAC) in Maine at the Portsmouth Naval Shipyard. Her responsibilities also included preparation of work plans, daily quality control reports, and completion reporting. A sampling of recent project sites is listed below:

- Building 151 Demolition
- Building 75 Lead Paint Abatement
